## INVITED SESSION SUMMARY

**Title of Session:**

Soft Computing Approach for Business

**Name, Title and Affiliation of Chair:**

Yoshiyuki Yabuuchi, Prof., Shimonoseki City University, Japan

Junzo Watada, Prof., Waseda University, Japan

Yoshiyuki Matsumoto, Prof., Shimonoseki City University, Japan

**Details of Session (including aim and scope):**

This session discusses about soft computing approaches for business and business problems. In the area of business systems, there are few numerical records. Even if numerical records are obtained, it is vagueness or uncertain. We are required to properly process the data obtained and solve business problems. However, there are not many research results in the business system. In addition, the research results have not been disseminated. For this reason, papers on solving business problems and soft computing approaches for business are invited to this session. The approach to your business problem does not have to be soft computing. Your papers are welcomed.

Our schedule is as follows:

Submission of Papers: April 10, 2017

Notification of Acceptance: May 10, 2017

Submission of Final Publication Files: May 26, 2017

**Main Contributing Researchers / Research Centres (tentative, if known at this stage):**

**Yoshiyuki Yabuuchi, Shimonoseki City University**

**Website URL of Call for Papers (if any):****Email & Contact Details:**

Yoshiyuki Yabuuchi, Ph.D., Shimonoseki City University
